

## Well Done...Faithful Servant

November 2020

Although very ill, Pastor Daniel continued to minister. Christmas Service 2019

I am convinced these are the words recently heard by Pastor \*Daniel as he entered heaven in October. As we travel and visit with the various ministries supported by Global Outreach, we are privileged to meet

many true heroes of the faith. Unknown to the world, they are giants in God's Kingdom. Daniel was one of these! The last time we heard from him, he was praising God that even though he was suffering from terminal cancer, God had given him the strength to minister and continue to reach the lost with the redeeming love of Christ! In his own words, *"I will keep serving Him and bring more unsaved souls back to Him as much as I can, before He takes me home to be with Him."*

Global Outreach has joyfully partnered with his ministry providing support for lepers, orphans, pastors, home churches, leadership training and purchasing Bibles.

For many years we have helped support \*Bethel Orphanage

which is run by \*Li Su and her husband. Now that Pastor Daniel is no longer supporting her work, it is more important than ever for us to provide consistent monthly support she can rely on. We are now communicating with her through Andrew and Danh, who we introduced to her a few years ago. We asked Danh (who is Vietnamese) to have Li Su provide us with a

monthly budget for caring for the orphans. We discovered that she is actually managing two orphanages with forty children and teenagers. In addition, she conducts eleven classes for children who are unable to attend school. Three of these classes are held in rented spaces. The remaining eight are held on the street or under bridges. She also feeds the children and provides some items for their basic needs. When Danh asked her to provide her monthly budget, he told us she was surprised by the amount. He said she cried so hard at that time and gave thanks to the Lord for His provision. She doesn't dare think about it because it's too much for her to take care of, but she trusts in God and His mercy. She needs \$2,500 monthly to continue these important outreach ministries. We asked Danh to give her our commitment to provide at least \$500 monthly towards her expenses. When he told her, she was moved to tears by the generosity of our Global Outreach partners. Any donations designated for Vietnam will be a tremendous help to this fruitful outreach ministry to children.

It was our joy and privilege to know and support Pastor Daniel and we are thankful we can help Li Su continue the good work inspired by his vision for his homeland of Vietnam. \*names have been changed

## Floods in India

Reverend Thomas, founder of Feed My People (FMP) in India continues to seek help for numerous challenges they are facing. They have suffered much from the Covid virus and we have sent financial aid several times. They have provided food to hundreds of people and continue to feed children and the elderly who are in dire need. We have also provided financial assistance to pay medical bills for pastors who have been hospitalized due to the ongoing pandemic.

Pastor Paul and the children at Regulagunta Orphanage are praising God they were safe during the storm.

In October ravaging rain and flooding have added to the misery. Two of the orphanages built by Global Outreach about twenty eight years ago, have been heavily damaged or destroyed. Pastor Thomas explained that one night around midnight, the roof of Regulagunta orphanage was damaged and the tiles were dropping into the bedrooms where the children were sleeping. He said, "the children cried out to the Lord and Pastor Paul and his wife embraced the children and led them outside. After two hours outside in the wind and rain, they were able to get them safely inside the church." Another FMP church collapsed and Pastor Raju and his family safely escaped.

In addition, it is time to send money to buy the fabric to sew school uniforms for the children. When possible we also send funds to provide treats or a small gift for the children at the 13 orphanages for Christmas. This year Pastor Thomas is asking for funds to purchase blankets for the children. They are cold at night during the rainy season.

Church members are suffering from floods in India.

Pastor Moss ministers and distributes rice to elderly

In addition to these physical challenges, our brothers and sisters in India are facing renewed violent persecution. Indian families have been targeted, beaten, and thrown out of their homes simply because of their Christian faith. Our friends are looking to us to help them in their time of great need. We want to stand with them financially and most importantly in our prayers for their protection and deliverance. Your support during this season of intense struggle is greatly appreciated!

***It's time to prepare for Christmas for the children, teens, elderly, widows, pastors and needy we serve around the world. In Congo we try to give each of the community children who attend the Christmas worship service and lunch a piece of candy and a bar of soap. Last year over 3,000 children attended. We need your help to provide a little something extra for all those we serve. Their requests are modest, but mean so much to them. For some it will be a blanket to keep them warm, others would love a plate, or a bucket to wash in. If we all do just a little extra, we can give these precious friends a little joy this Christmas. God bless you for all you do in His name.***
