Return to the Philippines

May 2012

Global Outreach board members, Jan and Don Slaton, joined Bill and Renee Reed for a recent mission trip to Asia. After spending a week together in India, the Reeds went to Thailand and the Slatons returned to the Philippines. This was a joyous reunion for them as they reconnected with friends from their six years of mission ministry there in the 1980's. This was their first return trip in twenty-five years. Don said he felt as if he was going home. Don and Jan had been asked to look around for the possibility of finding a new orphanage that would benefit from partnering with Global Outreach.

Don and Jan Slaton had no idea this meeting with Ellen and Renz Ortiz would end up with them moving back to the Philippines.

One of the many friends they reconnected with was Renz Ortiz who had been a teenager and attended youth camps that Jan and Don had directed. Renz and his wife Ellen, now successful business owners, have a desire to help rescue the street children of Manila. These are children two years and older who survive by begging, stealing and scrounging for food and a place to sleep. They do not have the opportunity to attend school. Many of these children end up in jail after being arrested for petty theft. Renz and Ellen are putting their desires into action. They offered to do-

Property located about two hours north of Manila which will be the location of a new orphanage, Haven of Hope.

nate a beautiful piece of property to provide space to build an orphanage and school.

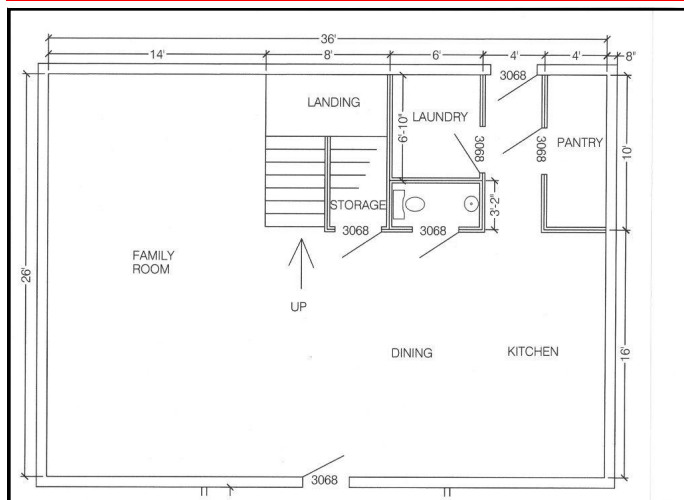

The Slatons returned to their home in Nashville and shared this opportunity with the Global Outreach Board of Directors. God has planted this new ministry in their hearts and Jan and Don will serve as Directors of Haven of Hope. They are currently making preparations to sell their home and move to the Philippines. We are excited to announce that construction of the first orphans home will begin this fall.

Haven of Hope plans to provide space for about 100 orphans to live in a family-like environment. Children will live in a home with a house mother and father to care for them. Each home will have space for twelve children. Initially the children will attend a nearby elementary school. Most importantly, they will learn about and experience the love of Jesus.

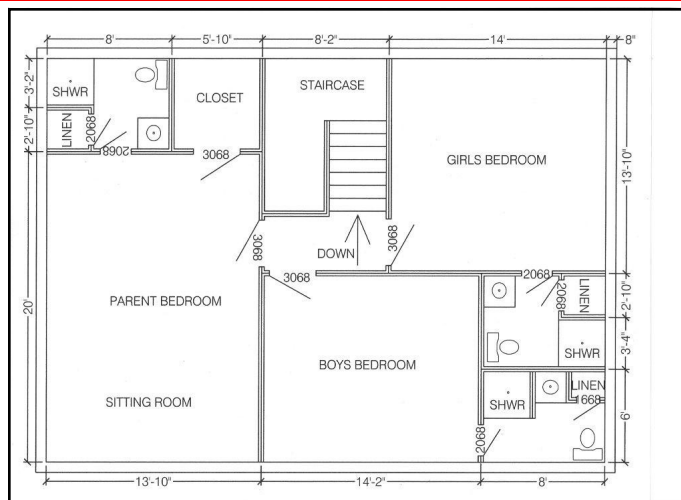

Please pray and consider how God would want you to be a part of this new rescue ministry. Each family home will be available to fund and name as a memorial for a lasting legacy of a loved

Return to Philippines, cont'd

First floor includes space for kitchen, dining and living room. (plans prepared by Aaron Reed)

Second floor will have bedrooms for house parents and twelve children.

one. The estimated cost for a family home is \$25,000. If you would be interested in contributing to a smaller project in memory or in honor of a loved one, please contact us for more information. We are also asking individuals to contribute towards the construction costs of the administration and multi-purpose buildings. You can donate by

check to Global Outreach, by credit card on our website: www.global-outreach.net or the Haven of Hope fundraising link: <http://www.razoo.com/story/Haven-of-Hope-30>. As a reminder, 100% of every designated gift is used solely for the specified project. Your gift will change the lives of many precious children in the Philippines forever.

Urgent Need for Rescued Girls in India

During our recent visit to India we had the privilege of visiting the medical college supported by Global Outreach.

Teen girls study in medical classes

Most of the students are teen girls who have been rescued from brothels in villages where Feed My People has churches. The medical college was started in 2007 as Feed My People pastors starting rescuing girls and looking for a way to train them for productive lives and restore their self worth and dignity. Reverend Thomas recently received notification from the government of a tax that was supposed to have been billed to the school on an annual basis. **A total of \$5,200 is now due and must be**

paid before the end of June or a 60% penalty will be applied. In the future the tax will be much lower as it will be billed annually.

Having met these girls and seeing firsthand how important this school is to them, I feel we must do everything we can to help them keep the school open. If you wish to help with this urgent need, please designate your gifts for India teens.

On another note, Reverend Thomas just sent a notice of the results from this year's final examinations. Abinaya, a former Hindu orphan girl who was brought to the college by one of the pastors, was recognized as the student with the highest score throughout the state of Andhra Pradesh. More importantly, Abinaya has given her heart to Christ since coming to the college.

Abinaya is honored for receiving highest grades in the state.
