

"We Need A Well"

June 2018

Work on the church is at a standstill until they can drill a well

Lazarus was born and raised in a Hindu family and was an idol worshiper until he accepted Christ as Savior in a convention held by Reverend Thomas, founder of Feed My People in India. Lazarus was the first in his village to accept Christ. He was persecuted and excommunicated from his village so he moved to Kuchupudi Village and started a chicken farm to support his family. He attended monthly pastoral training and after a time accepted his calling into the ministry. Pastor Lazarus and his wife have faithfully served in this village of 238 Hindu families for the past twenty-one years. They also have a family home orphanage with fifteen children. Global Outreach has supported Pastor Lazarus as well as the orphans all these years.

Fifteen orphans receive love and care at Kuchupudi Orphanage

Many years ago a small thatched roof prayer hall was built. Since then forty people have committed their lives to Christ and became members of this local family of believers. Through the years they have had to endure much persecution by nonbelievers in the village. Also, the prayer hall has suffered repeated damage from storms during the rainy season.

Worship services are held in unfinished church building

For the past two years, members of the village church have strived to construct a permanent concrete building. Currently the biggest obstacle to moving forward with the church construction is restricted access to the well water by the local community. **Reverend Thomas is requesting our help so they can drill a new well on their own property. For only \$300 we can meet this urgent need.**

In addition any extra funds donated for this project will help with the remaining expense of finishing the walls, floor, electrical wiring and bathrooms of the church building. Many of our donors have known Reverend Thomas for thirty years or longer and have a heart for India. We would love to hear from you as together we can see these needs met and rejoice with our brothers and sisters in India.

School Break in India

Graduates proudly display diplomas from Bible School and Medical Vocational School

We're excited to announce that thirty-three teens recently graduated from the Bible School and Medical Vocational School in Tenali, India. A few of these young people will continue with more ad-

vanced medical training as funds become available. Most of them will be looking for jobs to employ their new skills in doctors offices, laboratories, and other medical clinics. Many of these are orphans who have been raised in one of the many Feed My People orphanages supported by Global Outreach. Some of the others are girls who have been rescued from working in brothels. During the summer break, the girls are learning other skills such as sewing and embroidery. Please pray for these teens to be successful in finding jobs. If you desire to fund additional training for one or more of these girls, you can designate your offering to the Allan and Harle Eliason Scholarship Fund.

William and Carrie Reed Bible Fund

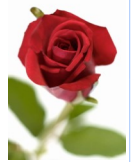

115 Bibles Given!

We recently had the opportunity to meet Kevin at a mission conference. With tears in his eyes, he handed us \$10 and explained that he was in rehab and didn't have much money, but he wanted to buy a Bible for someone who had never owned one. We told Kevin that his one Bible may be the means to reach an entire village for Christ. Thank you Kevin and all who provide Bibles! Ten dollars will buy one Bible in the local language. Donations can be made by check or online at: <http://www.global-outreach.net/product-page/bible-fund>

Please remember to pray for Ngena Jeremiah as he is scheduled to have surgery on his arm on June 23rd. Thank you to everyone who has sent money to pay for his surgery and hospital stay.
